Founded 1992

FEG Textiltechnik Forschungs- und Entwicklungsgesellschaft mbH (FEG) was established in Aachen in 1992 and since then has gained a reputation for exceptional innovations in the field of textile technology.

The company's dedicated and highly qualified staff, in-house research and development capacities as well as intelligent production facilities combine to make FEG Textiltechnik today's leading manufacturer of textile surgical implants in Germany. Under the brand name DynaMesh®, an internationally protected trademark, FEG's award-winning implants are successfully marketed in numerous countries around the world.

Constant and close contact with major scientific, medical and technical institutions ensures that FEG's high-quality products meet the latest requirements in terms of patient comfort and surgical handling. The sophisticated quality management system at FEG Textiltechnik is fully certified to DIN EN ISO 13485 for the manufacture of medical devices. All of FEG's products are CE approved and are approved under relevant national regulations.
