Founded (year) 2008

STERISYS is one of Europe's leading manufacturers of turnkey ethylene oxide (EO) sterilization systems. Our customers are mainly sterilization service providers and manufacturers of medical devices. We also offer automated handling systems for packaged liquid pharmaceuticals (syringes, vials, ampoules, etc.) for the pharmaceutical industry. These are customized solutions which can be seamlessly integrated into existing production lines.

True to our motto "Engineering for Life", we impress with individual system construction and the highest quality standards. STERISYS is certified according to EN ISO 13485:2016 and common industry standards.
