Novalung GmbH is a leading international medical device company with headquarters in Heilbronn, Germany. Today Novalung is the first to offer a complete product portfolio for extrapulmonary lung support. Whatever form of extrapulmonary lung support is required, Novalung can offer a tailored solution. Working together with leading users, we have continuously advanced Novalung's technologies to develop the iLA<sup>®</sup> therapy as an alternative to invasive ventilation, and as such has initiated a paradigm shift in the treatment of lung failure.
